WILL IT CURE ME?

That's the personal question a woman asks herself when she reads of the cures of womanly diseases by the use of Dr. Pierce's Favorite Prescription.

Why shouldn't it cure her?

Is it a complicated case? Thousands of such cases have been cured by "Favorite Prescription." Is it a condition which local doctors have declared incurable? Among the hundreds of thousands of sick women cured by the use of Dr. Pierce's Favorite Prescription there are a great many who were pronounced incurable by local doctors. Wonders have been worked by "Favorite Prescription" in the cure of irregularity, weakening drains, inflammation, ulceration and female weakness. It always helps. It almost always cures.

"I commenced taking your medicine, 'Favorite Prescription,' nearly a year ago for chronic inflammation of womb, and can truly say it is the only thing that ever did me any good," writes Mrs. L. C. Wagner, of 125 Edwin Street, Toronto, Ontario, Canada. "I could not walk any distance before using it. After taking six bottles of your 'Favorite Prescription' I find I can walk without difficulty and am greatly benefited in general health. Would advise all suffering women to use Dr. Pierce's medicine."

Pierce's Pleasant Pellets — These are the Original Little Liver Pills, first put up over 40 years ago, by old Dr. R. V. Pierce. They've been much imitated but never equaled. Smallest, easiest to take and best. They're tiny, sugar-coated, anti-bilious granules, a compound of refined and *concentrated* vegetable extracts. Without disturbance or trouble, constipation, indigestion, bilious attacks, sick and bilious headaches, and all derangements of the liver, stomach, and bowels are prevented, relieved, and cured. *Permanently* cured, too. By their mild and natural action, these little Pellets gently lead the system into natural ways again. Their influence *lasts*.

THE REAL TEST

Of Herpicide Is In Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vigors may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

STRONG Again

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer — weaken, and become diseased.

Kodol Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

Digests What You Eat

Dollar bottle holds 2½ times as much as the trial, or 50 cent size. Prepared at the Laboratory of E. C. DeWitt & Co., Chicago, U.S.A.

Cost of Presidential Tours.

Public interest in the free use of railroads by President Roosevelt at the same time that he is urging the enactment of more stringent laws for the regulation of traffic has been intensified by the publication of an article in the Railroad Gazette, pointing out that railroads violated the interstate commerce law every time they carried the President for nothing or for a "nominal" charge.

The coming tour of the President to the South, beginning October 18, will cover about 2,000 miles. It will include Richmond, Va., and Raleigh, N. C., and the homestead where his mother was born, at Roswell, Ga.; Atlanta, Memphis and other places on the route. The trip will take about 10 days.

The President probably will have on his tour a private car, a baggage car, two sleepers and a dining car. For such a service the railroads ordinarily charge about $2.50 a mile, which would bring the ordinary charge for such a trip for transportation alone up to about $5,000.

If there are 20 persons in the party—and usually there are quite that many on the President's train—the cost of meals will be about $60 a day, or for 10 days, $600. Thus the ordinary expenses of a trip, if paid for at the "open rate"—that is to say, the rate that under the interstate law the railroads would turn over the car to any civilian—the cost would be, at the lowest figure, $5,600.

The Southern Railway will have charge of the President during his October trip. It is preparing to give the finest possible service, and the train probably will be a superb affair. If this railroad made the "nominal charge" of $50 a day, which the Railroad Gazette intimates was the offer of the railroad that managed the President's trip to Texas and Colorado and which was rejected, then the President's bill for the journey would be only $500, instead of $5,600.

Inquiries were made yesterday of officers of the Southern Railway as to what the arrangement was that would govern the payment on this southern trip. It was said that the arrangements had been made by the executive officers, who were out of the city, and the added statement was made that the Southern Railway was very glad to carry the President at the figure that had been agreed on, because it would result in a larger passenger traffic to the southern cities than had ever been known before. The statement was made, however, that the President was paying for the train.

During the tour of the South the President's special will go over the tracks of the Southern, the Louisville and Nashville and the Iron Mountain railroads.

Since he has been in the White House, Mr. Roosevelt has taken almost as many trips as all the other Presidents combined. He always travels in a private car.

Raid On Gamblers.

Police, with axes, chopped their way through the walls into a poolroom at 116 University Place, New York, yesterday, and captured 200 men in the room. This raid followed upon an appeal which Police Commissioner McAdoo made Thursday to the Western Union Telegraph Company and to the New York Telephone Company for assistance in locating pool-rooms. A squad of police waited near 116 University Place yesterday, while a detective entered and placed bets on the races. He signaled two other detectives in hiding on a roof which overlooked a window of the poolroom. Crawling along window ledges these officers reached the windows where they had seen the signal and jumped into the room. The trio of detectives, with drawn revolvers, then held 200 patrons of the place at bay, themselves captives with their own prisoners, locked inside of a system of doors which had been bolted as the officers jumped through the window. For half an hour the imprisoned detectives stood off an angry, threatening crowd, while the squad of police outside chopped at the doors. The walls proved to be more yielding than the steel-ribbed doors, and the police finally entered by cutting a hole through the plaster. Charles Davis was arrested, charged with being the proprietor, and three other men were held with him. The rest were allowed to go. Telephones, telegraph instruments and other paraphernalia were confiscated by the police. A rubber tube 50 feet long, with a whistle attached to the poolroom end of it, led to the street below. The detectives tore off the whistle before the lookout at the other end had sighted the attacking squad of police.

Could Not be Better.

The uniform success of Chamberlain's Colic, Cholera and Diarrhoea Remedy has won for it a wide reputation and many people throughout the country will agree with Mr. Chas. W. Mattison, of Milford, Va., who says: "It works like magic, and is the best preparation I know of. It couldn't be any better." He had a serious attack of dysentery and was advised to try a bottle of this remedy, which he did, with the result that immediate relief was obtained. For sale by Gibson & Timberman and W. F. Creighton & Co.

Truths that Strike Home

Your grocer is honest and—if he cares to do so—can tell you that he knows very little about the bulk coffee he sells you. How *can* he know, where it originally came from, how it was blended—or with what—or when roasted? If you buy your coffee loose by the pound, how can you expect purity and uniform quality?

LION COFFEE, the LEADER OF ALL PACKAGE COFFEES, is of necessity uniform in quality, strength and flavor. For OVER A QUARTER OF A CENTURY, LION COFFEE has been the standard coffee in millions of homes.

LION COFFEE is carefully packed at our factories, and until opened in your home, has no chance of being adulterated, or of coming in contact with dust, dirt, germs, or unclean hands.

In each package of LION COFFEE you get one full pound of Pure Coffee. Insist upon getting the genuine. (Lion head on every package.)

(Save the Lion-heads for valuable premiums.)

Alexandria Gazette AND VIRGINIA ADVERTISER

SATURDAY EVENING. SEP. 30, 1905.

THERE ARE features connected with the clerkship campaign now in progress in this city which some may term stains on the body politic, while others regard them more seriously. We refer to the injudicious procedures of some whose zeal for their respective favorites seems to have choked all sense of moderation. In cases things have been said which are known to be baseless, and the thoughtless persons engaged in propagating them should be taken in hand by their friends, as they are calculated to do injury to the candidates whose causes they have espoused. We know that the platform of some is embraced in a few words—"all things are fair in politics"—and their utterances show that those who pose on such a basis have no regard for right or wrong. Their main object is to snow under men for whom they have formed an aversion, and imagine the end justifies the means—an erroneous conclusion. The sentiment of the majority of the supporters of both gentlemen who are seeking the position of clerk of the court is that it is time to call off the dogs in this family contest in which nothing should be said or done calculated to bring the blush of shame to any member of the democratic party. Both candidates are well and favorably known. They are equally qualified for the position they seek and, after all, it is merely a matter of choice between two good citizens who are offering themselves as public servants. Let all things be done decently and in order. A majority of the voters will select one or the other of the candidates, and the result will be no reflection upon the one whose services may be declined, as both are known to be worthy the confidence of the community, and no matter which of the two is selected the city will have in the successful candidate an efficient and faithful officer.

A SIMPLE incident, entirely local at the outset, is destined to place the name of an Irish landlord into every lexicon on the face of the earth, and in the centuries to come dictionaries and encyclopædias will be giving the origin of the term boycott. While the verb was still warm from the mould it followed close in the wake of the English sparrow and was soon making its way into every quarter of the new world. It eventually reached the Pacific, later appeared among the antipodes and has been adopted by the Chinese as a retaliatory measure against the United States. The word has now invaded the East Indies, and many of the inhabitants of that populous country, comprehending its import, have turned it against the island empire in which it originated. The East Indians have sworn by their goddess not to purchase anything produced in King Edward's realms. Years ago, when oppressed Hibernians had no redress against the arrogant and opulent, they refused to purchase from or sell to those who treated them cruelly. It was but the natural sequence to chronic abuse of wealth and power. The idea, however, was soon caught by thoughtless and irresponsible people and boycott propagandas were often instituted in an unwarranted manner, those engaged in them at times manifesting more cruelty than the Irish landlords against whom the process was originally leveled.

THE three big life insurance companies—the New York Life, the Mutual and the Equitable—have for years been in a pool formed for the specific purpose of controling legislation in all the States of the union. This fact was sworn to yesterday by Alfred W. Maine, an associated auditor of the Equitable in his testimony before the legislative investigating committee in New York. His evidence to a large extent explains away the mystery regarding the "yellow dog" of the various companies—accounts that were carried on the ledgers under initials or numbers, which showed that hundreds of thousands of dollars had been paid out, but which did not show or give the least inkling to indicate where the money had gone. Yesterday's disclosures made it clear that the money went by secret and devious paths to make sworn representatives of the people vote as the "Big Three" wanted them to vote. It all went into lobbying. Mr. Maine's disclosures followed equally sensational declarations by Jacob H. Schiff, the famous senior partner of Kuhn, Loeb & Co., who sat for over three hours under a fierce grilling of questions and who concluded his testimony with an impassioned oration in defense of his banking institution and of his personal honor.

MR. BONAPARTE, Secretary of the Navy, continues to hold the position of chairman of the Maryland republican State committee. Mr. Bonaparte, who was first a democrat, then a mugwump and then a republican, poses as a reformer, and a civil service reformer. But the average citizen thinks it beneath the dignity of a cabinet officer for him to mix so closely with the State politics—and such dirty politics as that of Maryland republican politics.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., Sept. 30.

The business for the government for the first quarter of the fiscal year, which ends today, is encouraging to treasury officials. It is estimated that the deficiency in the treasury, which was $18,119,947 on June 30 will be reduced to below $10,000,000. The excess of receipts over expenditures the past month, not including today, is over $9,000,000. The total receipts this month will exceed $50,000,000 against almost $45,000,000 the same month of last year. The receipts for the three months will reach nearly $147,000,000. For the same period last year it was $136,190,771.92. The expenditures for September, 1904, were $38,870,000, while this month they have reached over $41,000,000. For the last three months they will exceed $156,000,000 against over $154,000,000 for the same period last year.

The work of the sanitation on the canal zone is deeply gratifying to the Marine Hospital Service. During the week ended September 16 but two cases of yellow fever were reported from Panama. One proved fatal. Both cases occurred among recently arrived Italians. No cases have occured since August 26. Vigilence is not being relaxed, however. It is proposed by the Sanitary Department to keep the large number of non-immunes arriving on the isthmus out of the sphere of infection as far as possible. A camp in the zone along the lines of railroad is being established, to which the new arrivals are taken and where they are being held until they can be distributed to points outside of Panama and Colon. The number of cases of malaria are reported to have been greatly decreased. This is partially attributed to the screening of the living quarters. At La Boca, malarial fever of rather a severe type is prevalent, and is causing a large number of deaths among the negro population. No dead rats have been found and of the several hundred caught and examined not one was found to be infected with plague.

Hon. Claude A. Swanson, democratic nominee for Governor, will address the voters of Prince William county, Va., at Manassas, next Monday, court day.

Surgeon General Wyman of the Marine Hospital Service received reports today to the effect that four cases of yellow fever had been discovered in Scranton and Loss Points, Mississippi.

The Navy Department was informed this morning of the death yesterday at the Boston, Mass., navy yard from an apoplectic attack of Captain James R. Selfridge, U. S. navy. Captain Selfridge was regarded as one of the best equipped naval captains in the service. He was born in July 1849, at Roxbury, Mass., and was appointed a midshipman in the navy from California in July, 1864.

Many believed that one of the first matters President Roosevelt will take up upon his return to Washington will be the selection of a public printer. The impression prevails that acting Public Printer O. J. Ricketts will receive the permanent appointment. Chief Clerk Brian, who was regarded as the first lieutenant to the late public printer, F. W. Palmer, is said to have pledged Ricketts his support.

Capt. Payne's Wife Gets a Divorce.

Mrs. Grace Kingsby Payne, of Milwaukee, Wis., was given a decree of absolute divorce from her husband, Capt. C. Brooke Payne, United States army, in the Circuit Court of Elizabeth City county yesterday. By the decree Mrs. Payne is given the custody of her six-year-old daughter, for the maintenance of whom Captain Payne must pay $30 per month until she is 21 years old, or until she marries. The child will be allowed to spend ten days of each year with her father, he to bear her traveling expenses during the time. Mrs. Payne filed notice of her suit for divorce in the Elizabeth City county court several months ago, and since then her attorneys have taken depositions in Newport News, Hampton and Norfolk, a ainst Captain Payne, whose conduct, the notice claimed, was unbecoming a husband. The decree given yesterday was the result of a compromise between the attorneys of Captain and Mrs. Payne, and no claim for alimony was made. Mrs. Payne, who with her daughter is now in Milwaukee, is the daughter of General Kingsby, U. S. A., of that city. She comes of one of the most prominent families in Wisconsin. Captain Payne is stationed at Fort Monroe, Old Point, as an instructor in the artillery school. He is the son of Mr. Chas. Payne, of Warrenton, Va., whose family is one of the oldest in the Old Dominion. Both Captain and Mrs. Payne are well known in army circles all over the United States, and their divorce suit has caused widespread attention.

Governor to Present Flags.

Gov. Montague has accepted an invitation to attend the annual session of the Grand Camp of Confederate Veterans of Virginia, to be held in Petersburg October 25 and 27, and will be present at the sham battle of the Crater. He will make a speech at the Academy of Music and will present to the respective commands the battle flags returned to Virginia by the national government. The flags will be presented to the State of Virginia by Congressman John Lamb, and will be received on the part of the State and the Grand Camp by ex-Gov. William E. Cameron.

Forced to End War.

A dispatch from Tokio says that notwithstanding the silence of the government, the real fact is disclosed that Japan made peace at Portsmouth in fear of a financial breakdown. The war proved more costly than had been calculated and the rice and cereal crops seemed doomed to failure. Instead of sunlight and warmth during the month of August, when the crops ripen, there was continuous rain and exceedingly cold weather. While some improvement may still be in store, it is certain that the rice crops promise to be from 15 to 20 per cent. below the average and far below last year's crop, when it was marvelously large. Six months more of war would have meant very hard times, for the masses of the people are very poor and rice is their bread and meat.

There is a large increase in shipbuilding on the Clyde, due to the boom in far eastern trade as a result of the end of the war.

The passenger car was going at a rapid rate of speed down grade, when the express car came into view. Motorman Thomas L. Johnston stayed on his car, but could not stop it in time to prevent a collision. Many passengers were thrown from the open car down a ten-foot embankment, while others were caught betweeu the seats. Both cars were badly smashed and fourteen people were injured.

Suicide of Millionaire.

William Riggin Travers, a millionaire, son of the late W. R. Travers, clubman, financier and noted wit, killed himself yesterday by putting a bullet through the roof of his mouth in his apartments on Madison avenue, New York, where he lived alone. Mr. Travers and his wife separated three years ago and she has been living abroad. She was Lillie Harriman, a daughter of Oliver Harriman and a sister of Mrs. W. K. Vanderbilt, jr. Mr. Travers had been dead two hours when his body was found. A week ago the deceased developed a cold that seemed to worry him. He awoke soon after 9 o'clock yesterday morning and ordered his valet, Martin Noon, to get him some breakfast. He ate his breakfast in his pajamas. He was still at the table at noon, and he told Noon that he had no intention of leaving the house.

Noon went out at 12 o'clock and returned about 2 o'clock. He found Mr. Travers lying across his bed dead, with a pistol in his right hand. He had apparently gone from the breakfast table to the dressing-table where he kept his revolver and then he had sat down on the bed and shot himself. He must have done it soon after his valet left the house. He had recently been in a despondent frame of mind, which is said by some persons to be due to attacks made on him recently by a society paper. That these attacks hurt him, his friends say, was shown by his visiting District Attorney Jerome, a distant relative, and asking him what redress he had.

Boycotting English Goods.

Fifty thoruand Bengalis assembled at the Temple of Kalighat at Calcutta have sworn by the goddess Kali to boycott British goods as a protest against the partition of the province of Bengal. The administrative work of the province according to the views of the home and Indian governments had grown to such unwieldly proportions as to necessitate a division of the labor, hence the partition of the province into two lieutenant-governorships. The Bengalis are intensely resentful at what they characterize as an attempt to split the population and impair the Bengalee nationality. At scores of meetings throughout Bengal the people have pledged themselves to support the boycott which has now received sanction of the priests. The scene at the Temple of Kalighat, the greatest in Bengal, was strtking when the immense assemblage took the oath "in the holy presence of the goddess Kali not to use foreign goods, buy articles in foreign shops when available in native shops, or employ foreigners on any work that can be done by our countrymen." The high priest then placed a mystic vermillion symbol on the forehead of each of those who took the oath. The foreign firms are already feeling seriously the effect of the boycott.

Negro Escaped.

Houston, Tex., Sept. 30.—Monk Gibson, a nego, who, it is alleged, knows about the murder of Mrs. Condit and four children, and the assault on the mother and oldest daughter, has escaped. Last night he was given one hundred or more lashes in order to force him to tell who were the guilty men. He declared to the last that they were strange negroes. In order to prevent the mob from burning him the officers decided to take him to Halletsville jail. They started on horseback, at 10 o'clock last night, the negro made a sudden dash running his horse through two barbed wire fences killing it, leaped to the ground and escaped into the darkness. There is wild excitement in the viciuity of Edna, where the crime was committed.

Bull Fight.

Los Angeles, Cal., Sept. 30.—The first bull fight to be held in the western part of the United States will be fought Sunday, at San Monica. Owing to the severity of the law, which prohibits the bloody and dangerous sport of Spain and Mexico, the matadors will armor the bulls in football costumes to protect them from butchery, although it is quietly announced that the bulls will be killed as per the regulations of scientific fighting. George Engelhardt, of Mexico, who has brought his band of matadors and his arena assistants to Los Angeles to conduct the fight, has been required to give heavy bonds that no "real" fighting will occur. Posters announcing the event, however, are emblazoned with the statement that "thrills will be plentiful."

New Transatlantic Service.

Southampton, Eng., Sept. 30.—The steamer Tagus, of the Royal Mail Steam Packet Company, sailed today for New York, via the West, Indies opening the new trans-Atlantic service of this company. In the future the steamers will sail fortnightly on this service. The company believes that by taking this roundabout route via the West Indies passengers who desire to avoid the rough North Atlantic passage, will be attracted to its line.

Six cars were derailed and the engine of the rear train was damaged.

Robert H. Carroll, formerly of Richmond, is, according to a dispatch from Providence, R. I., dead in a hospital there because of self-inflicted wounds. Carroll was prominent in Richmond during the street car strike of two years ago. He was made treasurer of a corporation formed by the strikers to start an automobile line in opposition to the street cars. Later the company was placed in the hands of a receiver and Carroll has never accounted for a considerable sum of money placed in his hands.

Suicide After Wife's Death.

Cyrus H. Fletcher, of Wake, Middlesex county, who was adjudged insane by a commission of lunacy shortly after the death of his wife, several weeks ago, is dead, having taken a quantity of morphine while en route to the asylum, at Williamsburg. The wife of Fletcher died in spasms. The death of his wife preyed upon Fletcher's mind. At the burial of the woman he is said to have told friends that he was responsible for her death. While on the way home from the grave he told his pastor, who had just concluded the burial service for his wife, that he expected to join her in a day or two. He gave his father, C. T. Fletcher, all of his important papers and minute instructions as to the disposition of his property. Friends remonstrated with him about his despondent condition, to all of which he responded that he could not live without Sue, who, he claimed, was not at rest on his account. He said that he could not possibly stay away from his wife more than two days longer. After one of these outbreaks he rushed from the house to the woods, in quest of his wife, crying that he heard her calling to him, but could not find her. A commission of lunacy was ordered to decide upon his case, and he was adjudged insane. He was started immediately for the asylum, at Williamsburg. The party stopped over for the night in Gloucester county. Fletcher insisted that his alloted two days in the flesh were up, but his friends paid no attention to his talk. During the night, in some mysterious way, he obtained possession of a jar of morphine. He took enough of the drug to kill a dozen men and died shortly afterwards.

Father Payne Renounces Gift.

Rev. Father W. Gaston Payne, the well-known Catholic priest in charge of the Clifton Forge parish, to whom the late John E. Shea left his entire estate, has authorized the sale of the property with instructions that after all debts are paid the proceeds are to go toward the fund now being raised for the erection of a new Catholic church in Harrisonburg. The net proceeds will probably be something like $800 or $1,000. John E. Shea died suddenly in Baltimore two weeks ago and in his pocket was found a will in which he bequeathed his estate to Father Payne, a personal friend. The estate consists of a tract of land of about 40 acres, lying near Linville, and a quantity of personal property, the total value of which is placed between $1,200 and $1,500. The sale will be made as soon as the necessary legal formalities are completed and claims against the estate will then be settled, the balance being turned over to Father Friolo, who will act as trustee for the fund until it is needed for the erection of the new church. Father Payne is one of the most popular members of the Catholic clergy in Virginia. In the early 90's he was assistant in Harrisonburg to Father McVerry, who is now in Winchester, and at one time assisted Rev. Father McKeefry here.—[Winchester Star.

North River Tunnels Complete.

The twin tunnels to connect New York and New Jersey, started 27 years ago, but abandoned for a time because of engineering problems which it was thought could not be overcome, were completed yesterday. The barrier at the Manhattan side in the south tunnel was broken through by means of a hydraulic jack handled by Walter G. Oakman, president of the Hudson Companies, in the presence of President William G. McAdoo, of the New York & New Jersey Tunnel Company, directors of that corporation, and about 50 guests. It is expected that cars will be running through the twin tubes within 18 months.

Today's Telegraphic News

Farewell to President.

Oyster Bay, N. Y., Sept. 30.—All the villagers and a great many enthusiasts from neighboring towns gathered at the station to say good-bye to the President whose summer vacation ended this morning.

President Roosevelt with his wife and three children, Ethel, Kermt and Quentin, had a narrow escape from a serious runaway accident this morning while driving from their summer home at Sagamore Hill, to the railroad station. The President and his family had taken a two seated carriage and the President and his wife occupied the front seat. The children bundled into the rear seat. Half a mile down from the President's summer home to the station there was a sharp crack, and the rear axle parted. The rear body of the wagon sank to the ground. The President and his wife grasped the back of the forward seat while the children grasped the side supports of the wagon. The President instantly threw his arm over so as to save his children, while the secret service men, who had been following the party, dashed from the rear and seized the horses' bridles, thereby preventing them from running away. President Roosevelt leaped to the ground and aided his family to alight. He then hurried to the home of a nearby friend and telephoned for another conveyance, which soon arrived. The party then proceeded to the railroad station, where they boarded the special train which awaited them. The children showed no fright when the accident occured.

The Presidential special left Jersey City at 1:14 this afternoon. The train was made up of the locomotive and the cars Plymouth Rock, Washington, dining car Magnolian and the combination buffet and baggage car Appius.

Earth Swallows a Boy.

Pottsville, Pa., Sept. 30.—Returning home with a pail of water in his hand, 10-year-old Robert Mahoney, of Broad Mountain, was yesterday swallowed up by the earth and for three hours lay at the bottom of a 68-foot mine breach waiting for help to arrive. His rescue was as dramatic as his appearance, as he again had a most remarkable escape from instant death, as did Richard Appleby, a neighbor, who was one of the number who brought him back to the surface.

The boy is terribly battered about the face and body. It is believed that he will recover, but if so it will be a wonder. The Mahoney family secure their water from a tank near the railroad, and the boy was sent to secure a bucketful. He was returning over a frequently-used path, when the ground suddenly gave way beneath him, and where before the surface had been apparently solid a deep hole yawned.

How he escaped instant death cannot be imagined, but he was rendered unconsicious for probably an hour. Then, recovering his senses, he began to call for help, and his cries were heard by several neighbors, who had gone out to search for him. A rope was secured and lowered into the breach, and this he tied about his waist. Giving a signal, he was hoisted to the top of the breach. As willing hands reached out to pull him to safety the rope parted. Clutching at some shrubbery, he stayed his downward flight for a fraction of a second, which gave Richard Appleby time to reach out and grasp him by the coat. The weight of the body slowly pulled Appleby to the brink of the chasm, and just as the horror-stricken spectators expected both to go down to their death he finally grasped a bush, all the time retaining his hold on the boy. Both were caught and dragged from danger.

Oil Plant Burning.

Baltimore, Sept. 30.—The plant of the Red C Oil Company, Highlandtown, is afire. The fire is now creeping to the gasoline tanks. Street car lines in this section are blocked and the car barns are burning.

The works were totally destroyed, as well as numerous other buildings. Loss $75,000. No one was injured. The fire started by the ignition from a spark from an electric car of a tank car laden with gasoline, which exploded, setting fire to several other cars which were on the tracks adjoining the Red C. oil works.

Storm Raging.

New Orleans, Sept. 20.—Telephone messages received here say a terrible storm has been raging along the entire coast, and that a number of vessels have been swept ashore. Last night the barometer registered just as it did in the famous storm of 1894, when the fishing camps all along the Commandier islands were wrecked, and hundreds of persons killed. Reports show that bath houses and other buildings have been swept away all along the coast, and that the storm is increasing in violence.

Howard, a Boston night cab driver, who tells of the strange behavior of two strange men with a box and whom he transported to the Chelsea ferry on the night of the 19th or 20th.

Paris, Sept. 30.—Official announcement was made today that Russia has asked France to take part in the new peace conference to be held, the suggestion of the Czar, at the Hague, and that France has accepted the invitation, in principle.

Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by Gibson & Timberman and W. F. Creighton & Co.

DIED.

Departed this life September 30, 1905, at 5 a. m. CLEMENT C. MOORE, the infant son of John W. and Susan C Moore, aged, 14 months and 19 days.

A bud the gardner gave us,
A pure and loveing child.
He gave it in our keeping
For just a littl while.
And just as our bud was opening
At the break of day
Down came the Heavily gardner
And took our bud away.
Little Clement was our darling,
Pride of all our hearts at home.
But an angel softly whispered
Darling Clement do come do come home.

Republican Convention.

The delegates selected at a mass meeting of republicans last July met last night in Schuler's Hall for the purpose of nominating a candidate to represent this city and county in the Legislature. Most of the delegates were present, but several heretofore earnest members of the party, officeholders and ex-officeholders, were conspicuous by their absence. Four members of the colored race entered the hall, surveyed their surroundings and went way back in the northeast corner of the room and sat down, and remained silent spectators.

F. M. Phillips, chairman of the city committee, called the gathering to order and announced its object, after which W. C. Shelley, of Alexandria county, was called upon to preside. The latter repaired to the stage and acknowledged the compliment bestowed upon him, and spoke for a few moments in an optimistic vein during which he indulged in dreams of the success of his party. Heretofore, he said, the party could entertain no hopes of victory in Virginia "but by the providence of God in the fulness of time the day is dawning and the sun is rising above the hills."

H. C. Graves was called upon to act as secretary, after which a committee on credentials was appointed—3 from the city delegation and two from the county. The committee soon reported, and, there being no contests, the committee proceeded to work.

F. M. Phillips nomiated John B. Henderson, of Alexandria county, as the republican candidate for the Legislature, and no other names being suggested his nomination was made unanimous. A committee escorted the nominee to the stage, and he in a short speech thanked the convention for its expression of confidence. He also spoke for a while on present conditions in Virginia which he supposes the republicans could improve upon should the unlikely occur and the State be turned over to them.

W. B. King, of Loudoun, was subsequently called upon to speak, and he responded on the same lines.

During the meeting F. M. Phillips read a letter he had received from Chairman Slemp admonishing republicans to hold aloof from the primary election in this city on the 12th proximo. A letter from W. H. P. Kelly endorsing J. B. Henderson for the Legislature was also read.

Before the adjournment of the convention W. C. Shelley was again called upon to speak and he responded.

The republican nominee for the Legislature is a son of ex-Senator John B. Henderson, of Missouri.

Wharf Property Sold.

Messrs. M. B. Harlow & Co., real estate, loan and insurance brokers, have sold for the estate of Wm. H. Irwin et als., to Mr. Park Agnew, that valuable wharf property at the foot of King street, and known as Irwin's wharf, including all the land bordering on the Strand from the south side of King street and west side of the Strand to the alley running from Union east to the Potomac river, including all riparian and dock rights which this property is entitled to, being the most valuable wharf property in the city on account of its location. It is the intention of the purchaser to apply at the next meeting of the City Council for a similar privilege to that which was granted to the Norfolk and Washington Steamboat Company, which will enable him to make the same class of improvements at the foot of King street which this company has done. He also has under consideration the advisability of erecting buildings south of King street to be used for business purposes, and rebuild the wharf, as he has had a proposition from a steamboat company to lease the same for a term of years. This is the first time that this property has changed hands in 120 years.

Annual Inspection.

The annual inspection of Old Dominion Commandery, Knights Templar, was made last night at Armory Hall by Inspector Baker, of Winchester, who was accompanied by Sir Knights Kern, Dooley, Breckinridge and Florrell. After the inspection, which was creditable in every particular, the commandery, headed by the Alexandria Drum Corp, marched to King street and as far west as Fayette street, where they countermarched and repaired to their asylum. A banquet was subsequently given in Alexandria-Washington lodge room. Rammel Bros. were the caterers. There were 69 members of the commandery at the inspection, and there is a total membership of 142. Members of Old Dominion Commandery are scatted over most of the habitable world, some being in the Philippine Islands.

A Just Complaint.

The changing of railroad connections, made necessary by the new routes as recently established by the trunk line railway systems, has created many disadvantages to Alexandria and the contiguous country. Daily complaints are being aired from various sections of the adjacent counties. The latest and very just complaint comes from those who live along the highly cultivated farms that border upon the Telegraph road. The owners of these farms, who are garden truckers, milkmen and vendors of farm products for city life, openly state that when a junction is made on the Telegraph road with the new system that locomotives are often detacted from trains which are left standing, uncoupled, across the highway and thus block the common highway at that point for more than half an hour while the locomotive goes to Alexandria, picks up additional cars on trackage list, and returns to the point of obstruction, where it backs and fills and eventually allows a countryman to pass. County authorities will be called upon to make representation of the grievance and seek a proper remedy.

"Humpty Dumpty."

"Humpty Dumpty", a spectacular pantomine show, will appear at the Opera House Monday night. George H. Adams will appear in the title role, and the whole show is one grand combination of pantomine, comic opera and vaudeville. Elaborate scenery will be displayed and a cohort of pretty show girls will interpret the lines and musical numbers. Among the features of the production are the "Dance of the Butterflies" and the great mystery, "Eve, or the Birth of Woman". The electrical effects will be most brilliant and the company is one of the strongest amusement combinations now touring this circuit.

Missionary Society Meeting.

As has heretofore been stated in the Gazette, the annual meeting of the Woman's Foreign Missionary Society of the Baltimore Conference will be held in the M. E. Church South tomorrow. At 11 a. m. Rev. E. V. Regester will preach. A children's meeting will be held at 3:30 p. m. and there will be talks by the missionaries at 7:30 p. m. There will be devotional services at 9 a. m. Monday, followed by a business meeting at 9:30. The society will meet again at 2:30 p. m., and there will be services at night. The sessions Tuesday will be at the same hours.

Fined Fifty Dollars.

The only case for trial in the Police Court this morning was that of Thomas Sims, an employee of the Southern Railway Company, who was charged with appropriating goods which were being transported by the company. The arrest was made by Officer Knight, and a number of articles which had been taken from cars were recovered. Sims was fined $50 and should he fail to pay the assessment he will serve 90 days in jail.

Property Sale.

Messrs. M. B. Harlow & Co., real estate, loan and insurance brokers, have sold for Mr. E. W. Starnell to Mr. E. M. Anderson the business property formerly owned by the late John P. Clarke, situated on the south side of King street, between St. Asaph and Washington. It is Mr. Anderson's intention in the near future to handsomely improve this property.

Time's Up.

The date fixed by the city democratic committee for candidates for clerk of the court to announce themselves expires today, and only Messrs. Charles Bendheim and N. S. Greenaway have handed in their names as such to the secretary. An active canvass is still being made by the two gentlemen named and their respective friends, which will be kept up till the primary on October 12.

Cutting Mt. Vernon Hill.

The engineers in charge of the Washington, Alexandria and Mt. Vernon railway are now preparing plans for cutting through the steep hill from Little Hunting creek to Mt. Vernon, and it is stated that the work of regrading the road will be started in a few days. Mt. Vernon hill is the steepest grade on the road.

To Command the Buford.

Capt. Michael Robb, for many years a well-known steamboat captain on the Potomac river, has been appointed to the transport service of the United States army. Captain Robb will be put in command of the transport Buford, at Fort Moultrie, in Charleston harbor. He is now on his way to Charleston to enter upon his new duties.

Shot at Brother.

George Lomax, colored, was taken into custody this morning by Officers Mayhugh and Lyles on the charge of firing a pistol at Andrew Lomax, his brother, during a quarrel in the northwestern part of the city. The bullet went wide of its mark. Lomax will be tried Monday.

Jewish New Year.

All the Jewish residents of the city gathered last night in their synagogue on north Washington street to participate in the services incident to New Year. Rabbi Gross, of Cincinnati, conducted the services and delivered an appropriate discourse.

Quarterly Meeting.

The First Quarterly Meeting of the Free Methodist Church will be held tomorrow. There will be preaching at 7.30 p. m. by District Elder Rev. A. G. Miller. Preaching at 11 a. m. There will be love feast at 2.30 p. m.

Angelo, of this city, Chief Engineer of the Bureau of Chemistery, in Washington, has gone to Waycross, Ga., on official business for the Department of Agriculture in connection with the experimental station which the department has established at that point. Revenue Office Removed.

The office of the U. S. Internal Revenue Collector which has been located in this city for the past eight years, was removed today by the newly appointed collector, L. P. Summers, to Abingdon, where it will remain only till the next collector is appointed, for certainly no one save Messrs. Summers and Slemp would want the office at Abingdon. Those who left here today for Abingdon were Chief Clerk W. M. Slemp, Mrs. Flood, Mrs. Tinsley, Messrs. G. W. Grayson, George Patterson, John Herndon, R. W. Blair, A. H. Agnew and M. Bowen. Mr. Summers has not been in this city for some time. It is understood that so much in a hurry was he to remove the office that he made no provision for having a stamp deputy here and arrangements had to be made at the Treasury Department in Washington for selling stamps there for the business in this city and county.

Mr A. K. Stratton, who has been connected with the office since its removal to this city from Lynchburg, did not go to Abingdon, he having resigned to accept a position with the Southern Railway Company.

The office was stripped of furniture and even the carpets were carried off. A blanket order came from the Treasury Department for the removal of the office, and under it the new collector claimed everything; he even wanted to take the chandeliers and gas fixtures, in which attempt he failed.

For a Pleasure Resort.

Mr. Edward Crane has sold his property located on the west side of the electric railway at Four Mile Run, containing between 43 and 44 acres, to the Washington, Alexandria and Mt. Vernon Railway Company. On this property is one of the finest gravel banks in this section of the country. It is reported that the electric railway company may in the near future convert a portion of this property into a pleasure resort. It is understood that $15,000 was paid for the property.

HICKS FOR OCTOBER.

Change to warmer with falling barometer and growing cloudiness early on the 1st and 2d. During Tuesday, Wednesday and Thursday, the 3d, 4th, 5th, these conditions will advance eastwardly across the country, causing rain and autumnal storminess over most parts lying along and near the paths of storm centres.

Saturday, Sunday and Monday, the 7th, 8th, 9th, are reactionary storm dates. On these days there will be decided return of storm conditions. Storm conditions are: falling and low barometer, easterly to southerly winds, rising temperature, and growing cloudiness.

The next regular storm period is central on the 14th, covering the 13th to the 17th. Marked depressions of the barometer and other evidences of gathering storms will appear to the westward as early as the 13th, and during the days next following up to the 16th or 17th very decided autumnal storms will visit most parts of this and other continents. Autumnal lightning and thunder may come with the first stages of these storms, but gales out of the north, with severe dashes of sleet and snow northward, may reasonably by counted upon at this time.

The reactionary storm period, central on the 19th, 20th and 21st coming as it does near the close of the Mercury period will most likely take up the Mercury characteristics by prolonging the tendency to cloudiness, cold, rain and sleet.

The last regular Vulcan storm period for October extends from the 24th to the 29th, being central on the 26th. Change to much warmer, with a decided fall of the barometer, will be noted in western sections by the 24th and 25th. These conditions will be quickly followed by cloudiness, storm and precipitation. By Thursday, the 26th, decided storms, attended by heavy rains, autumnal lightning and thunder, will be developed and on their eastward march across the country.

These storms will rerch their crisis and culminate in much force on and touching the 28th. As the month goes out a reactionary storm period will be in its first stage—the barometer will be falling in the west with change to warmer and gathering clouds. This period will express itself in more or less storm and disturbed weather conditions during the opening days of November.

Insomnia and Indigestion Cured.

"Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for about three months when I used Chamberlain's Stomach and Liver Tablets, and received immediate relief," says John Dixon, Tullamore, Ontario, Canada. For sale by Gibson & Timberman and W. F. Creighton & Co.

Incredible Brutality

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at E. S. Leadbeater and Sons, drug store.

Numerous and Worthless

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago discovered some years ago how to make a salve from Witch Hazel that is a specific for Piles. For blind, bleeding, itching and protruding Piles, eczema, cuts, burns bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by W. F. Creighton & Co., 401 King street.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

A Laxative Cough Syrup.

"A cold or cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For the want of moisture the bowels become dry and hard." Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. It meets and corrects the above conditions, by acting as a pleasant cathartic on the bowels—expels all colds from the system and cures all coughs, croup whooping coughs, La Grippe, bronchitis, etc. Sold by W. F. Creighton & Co., 401 King street.

It is hoped by the management of the Southern Railway that these changes will meet with the approval of its Bluemont branch patrons. L. S. BROWN, General Agent, Southern Railway Co.

Alexandria, Va., September 15, 1905.

TO MY FELLOW CITIZENS:

I will be a candidate for CLERK OF THE CORPORATION COURT of the city of Alexandria, subject to the primary, to be held on Thursday, October 12th, and request your support.

I have been a loyal democrat from my first vote to my last. Since my youth I have devoted my best endeavors at every election to my party. Should I be chosen to the office I will devote my full time to the work, and endeavor, as best in me lies, to so conduct the office that all work will be kept up to date, and every one having business there will receive immediate attention.

My aim and chief desire will be to have a model office, with everything in order and proper place.

At all times every courtesy and every assistance will be rendered to all having business with the office. Yours respectfully,
sep22 td CHARLES BENDHEIM.

TO THE VOTERS OF THE SECOND WARD: I respectfully announce myself a candidate for the office of MAGISTRATE for the Second ward, subject to the decision of the democratic primary, to be held October 12th. Thanking you in advance for your vote and support. I am, yours,
sep2 3t* FRANK MASON.

FOR MAGISTRATE.—I respectfully announce myself a candidate for the office of Magistrate for the Second ward, subject to the decision of the democratic primary, October 12, and solicit your vote and support.
